Campaign Spending: [List of Filers](#)

Aloha Hawaii Voters! I am greatly privileged to be a candidate for the US House of Representatives. As an experienced immigration attorney I pledge to work for comprehensive reform and the securing of our borders. My platform insures that citizens and immigrants alike continue to respect the USA as a nation of laws. I support the PATRIOT ACT but emphasize the balance between terrorist tracking using heightened law enforcement and the constitutional rights afforded citizens of our great nation.

I am an active Member of the American Immigration Lawyers Association. My prior federal service includes Attorney Advisor for the SBA during Hurricane Iniki Relief and Executive Director of Minority Business, Dept. of Commerce. I hold recognition from Secretary Tom Ridge as a founding member of the US Department of Homeland Security and a medal for volunteer work from the US Coast Guard Auxiliary. I served with the Hawaii Attorney General's office and the Office of the Prosecuting Attorney. I pledge working tirelessly on your behalf in representing voter interests. I run a clean money campaign and I do not take contributions to insure my independence.

My background includes graduation from the State University of New York at Albany; William S. Richardson School of Law, and Professional Certification from Harvard University GSD in Landscape Architecture. I practice law in downtown Honolulu, Hawaii and can be contacted for further information. I sincerely thank you for your consideration of my candidacy.
